

# KPMS PTSA

Parents play an important role in the life of a child. Involvement in your child's education at both school and home is vital.

Thirty years of research clearly show that parent involvement in schools improves student achievement. To reach their potential, students need parents to take an active role in their education. Key Peninsula Middle school is working hard to provide a high-quality education for every child. But they can't do it alone. Parent involvement is critical to creating a great school.

Key Peninsula Middle School Parent, Teacher, Student, Association invites you to join us to make a difference in the education and quality of life for our children. We know that you love your children and want to do the best for them. The PTSA can help you do that! We all know that children learn more and have better lives when parents, school, staff, students and the community work together. Our PTSA operates the "Student Store" during lunch and honor time, after school events. This is our only fundraiser. This year's goal is to open every day! Please join us and help make a difference in the eyes a child.
